Assessor Comments	Berthong Station is having a season induced herd reduction. This is the red mob being Red Limousin/Angus cross cows ptic to the Mandayen Angus bulls. These are classed in cows. These cows have plenty of volume, have had a calf every year and are in very strong to forward condition. This is a great opportunity to aquire productive Angus/euro cross matrons that produce all black calves with plenty of muscle power. Berthong are offering 2 other lots in this sale.
