Assessor Comments	Excellent quality line of Dunoon & Rennylea blood Heifers & Calves with young Wagyu sired calves at foot. Big Springs Pastoral have been using Dunoon & Rennylea genetics for over 30 years, with a focus on calving ease, growth (400 & 600 day), IMF and grass/ grain indexes. These cattle have a very good reputation for marbling & performance and have previously been identified as one of the top 100 beef producers by M.S.A. Ashleigh Park Feedlot at Culcairn have purchased the F1s from Big Springs Pastoral for over 10 years and have expressed a keen interest to buy these calves again when they are available. Please see attached a full list of joining sires. These units are only for sale as the herd transitions to spring calving, providing a great opportunity to buy females out of the heart of a great herd. Please note: calves are unmarked. Vendor also has another line of 56 x 56 cows & calves in this sale for a total of 82 x 82 units being offered.
