Assessor Comments	Large framed F1 vealer mothers with cracking calves at foot. Feature line of large framed and top quality Vendor bred F1 Mothers Bred with Brewer Black Sim Bulls to produce a well put together F1 package that have been milking well raring calves that have been weighing out at 230KG dressed year after year for the local vealer market. They produce a very heavy calf and indications this year is no different with calves just being marked weighing 135kg average. Very good temperament through out the group. (note one calf has had eye removed by vet he is a cracking calf can be removed if required).
