Assessor Comments	These are a very nice line of young Heifers & Calves to suit a hobby farm operation. Lovely marked heifers, with calves at foot, & potentially back in calf to the ever reliable Rip Van Winkle R38, who has been a good consistent colour thrower and a very easy calver. Heifers that have done it tough in their first attempt at motherhood with a very unforgiving season, but being only medium framed, they won't eat you out of house & home getting them through to the Spring. A nice line of young units with the temperament and frame to be best suited to a hobby farmer wanting some front paddock stock.
