Assessor Comments	These are a magnificent line of Team Te Mania EU Accredited, rising six-year-old PTIC Cows, due to commence calving late-August (see joining details). To be sold in two lots of 57 & 39 head. The Toolong Herd has been a Progeny Test herd since the inception of Team Te Mania in 1995 & is a herd with an enviable industry reputation. These cows are demonstrating all the desirable attributes of the breed - a result of a fastidious breeding approach, being assessed as 100% quiet/docile, structurally correct, large framed with volume & depth of body. The herd has a proven track record of performance & high marbling, being a preferred supplier to Rangers Valley Feedlot. This is a truly outstanding opportunity to invest in some of the best commercial Angus genetics in the country. Please take the time to have a look at the AI joining sires (links attached), all being in the top 10% of the breed for IMF. Genetics of this quality take years of breeding and come with my highest recommendation.
