Assessor Comments	2021 Drop Poll Merino Ewes, Scanned in lamb to the suffolk rams. These ewes are made up of two lines of bought in ewes that have been on the place since ewe hoggets. They present in strong forward condition and will be in strong condition for lambing given the feed to hold or gain condition. Good run of pastoral ewes that have a few years ahead of them yet. Being shorn in January they already have a small kick in the wool.
