Assessor Comments	108 GQ HGP Free Vendor - Bred, Brahman weaners made up of 69 steers and 39 mickies. These weaners have good bone and frame and would be ideal to grow out to feeder or slaughter weight for the Domestic or Live Export Market. The weaners range from 222 to 320 kg and averaged 270g at assessment. There is 50 reds and honeys, 40 greys and 18 blacks and brindles. They have been in hand for up to 21 days so buyer is getting benefit of a large amount of shrinkage. The weaners were tailed outside for 3 days prior to assessment however will stay in the yards on hay till delivery. Bred in the Mt Isa uplands country these steers will power ahead on better quality feed. They have good feet and the branded steers have been well dehorned.
