Handled With	Steers were very easy to handle in and around the yards and are very well trained around dogs. Bikes , Dogs , Vehicles
Notable Traits	Traits 2 Head Light pink eye scaring in both eyes (still vision in both). 1 Head Light to medium pink eye scaring in both eyes (still vision in both). 1 Head Medium to full scaring in one eye, Retains vision. 2 Head Old pink eye scaring in one eye. 1 Head Tinge of red through coat
Assessor Comments	A good quality line of Angus x Angus feeder steers that offer great compensatory weight gains as steers have been hindered by relentless wet weather over the past 10 weeks. The stony station herd is a foundation of Stud Hazeldean cows. These steers were sired by AI sons of the the leading Angus sire in Murry El Grando G20. Steers are all frame and will bounce away given some sun on their back in Feedlot environment or quality pasture while backgrounding. Usually sold direct to feedlots at heavier weights but with winter on the door step steers must be sold, great feeder types to go straight on to feed, please see another line of heavier steers in this same sale from the same vendor - 141 over two lots. Grass Fed and Antibiotic Free Steers.
