Assessor Comments	Offering a b-double load of NSM Angus x Angus heifers. These heifers were purchased in last spring as a trade to utilise excess feed in a favourable season. They were sourced out of weaner sales in Northern Vic and have performed very well since arriving. They are being sold as guaranteed empty as there are no bulls on the property and these heifers have not had access to a bull. With the season tightening up these heifers are still performing well presenting with fat cover and a healthy coat. They have not had a set back have some maturity behind them and will move forward immediately with increased nutrition. 100% antibiotic free and grass fed. Heifers were weighed 320-454 kg in order to make up the load. A small tail and any bad eyes have been removed. Quiet Angus heifers that are ideal to feed or even take home and join to your sire of choice.
