Assessor Comments	Offering a small, extremely quiet line of well bred Riga blood steers. These steers were purchased in November 2024 from Standon Rock Angus in Benalla who continually produce cattle with an emphasis on good structure, frame and docility. Since being purchased, the vendors have continued to handle the cattle regularly and use low stress stock handling practices. Cattle are often yarded on foot or by being called, with the temperament displayed being a true result of a limited
