Vendor Comments

Selling steers early due to seasonal conditions. Steers are generally grown out to feeder weights by the end of spring.

Temperament	Yards	Crush	Paddock
	Docile: 25 head Quiet: 28 head	Docile: 18 head Quiet: 32 head Slightly Stirry: 3 head	Temperament not assessed in Paddock

Steers are extremely quiet and were a pleasure to handle throughout the entire assessment process. Vendors have spent a vast amount of time educating cattle to ensure ease of handling.

Handled With

Bikes , Dogs , On foot , Vehicles

Notable Traits

Traits

5 Head Old Pink Eye Scarring

5 Head Ringworm on head

1 Head Warts on neck

Assessor Comments

A very attractive line of very well bred Angus steer weaners. Steers present very well despite seasonal conditions leading to an earlier than normal weaning. Steers are showing adequate growth with plenty of bone and no excess weight. Steers are exceptionally quiet and have all necessary health treatments to ensure steers have every chance of flourishing when shown feed. Ideal steers to take onto feeder/export weights.
