Handled With	Quiet and excellent to draft and handle, refer to video. Bikes , On foot , Vehicles							
Assessor Comments	A draft of the Angus "Yera" Spring drop steer weaners that have been weighed in a 70 kg range, under 250 kg at assessment. These young cattle have been yard weaned and had all necessary health treatments and come well handled. They have been getting fed pasture hay and barley daily due to seasonal conditions. These steers come with the highest recommendation and have performed well for previous purchasers. They have plenty of stretch, muscle and bone and would suit either heavy feeders or make outstanding grass bullocks. The "Yera" herd was originally a Hereford herd and Angus sires have been used for the last seventeen years. This draft of young spring drop steers gives prospective purchasers an excellent opportunity to put a draft of 162 one mark, EU steers together.							
Assessor	Anthony Mulraney (Level 3 Accredited)							
Delivery Period	24/05/2025 to 30/05/2025 (7 days)
