Assessor Comments	Offering a b-double load Angus x Angus heifers. They are NSM and being sold as guaranteed empty as there are no bulls on the property and they have not had a chance with a bull. Weighed after a solid 12+ hour curfew from 320-465 kg, in order to make up a truck load, to average 380 kg. These heifers have performed well since arriving and have not had a set back. These heifers were purchased in as a trade and have been able to grow and mature are are not showing the effects of the season. They offer immediate weight gains with a change in nutrition and would be ideal for feedlot entry or could be joined back to the sire of your choice. 100% antibiotic free and grass fed only. Approx 4 origins in the line with the bulk (50 plus head) purchased off Pieracle Station and HP and M Milich out of a Mt Gambier weaner sale.
