	Cattle were more agitated than usual throughout the assessment process. I deem heavy winds playing a factor compared to previously handling vendors stock. Cattle flowed through the weighing process smoothly but not as seamless throughout the yards.		
Handled With	Bikes , On foot , Vehicles		
Notable Traits	Traits 1 Head White Udder		
Assessor Comments	A good offering of EU PTIC Heifers A/C the breeder. Heifers are from Taloooby Bld Cows and have Hazledean, Rennyalea and Hardhat influence. Heifers are tested back to L.B.W. Kidman and Hardhat Angus bulls (refer to pictures for EBV's). Heifers weighed from 380kg - 512kg after a 1 hour curfew. Heifers presented mostly in forward condition, showed good length and size for age. Vendors cattle are highly sought after across major feedlots and heifers displaying all the characteristics of great future breeders. Additionally, vendor can assist with transport of stock.
