Assessor Comments	An excellent consignment of Angus heifers with their first calf at foot. Heifers were purchased in February 2024 ex the CTLX store sales in two local bred lines by Karoo and Yamba Angus sires. They were joined up to the Choice Angus bull and calved from the middle of March thru until the start of May. They now present with fresh bobbies at foot and still are presenting in excellent buckle throughout. Heifers packed full of potential would fit into plenty of programs. If you've got the season at hand to take these units forward they are well worth close consideration
