Assessor Comments	Opportunity to get into future breeders from a renowned herd with a lot of breeding behind it. EU Accredited herd thats involved in the Angus Australia benchmarking program. These heifers didnt conceive for Spring calf and were given a second chance and have all calved as 2.5 yr olds. Bulls are selected on carcass and fertility with offspring consistently sold to repeat feedlots and processors. They are in fresh store condition and given the right nutrition going forwards are ready to be rejoined. These Heifers handled exceptionally well through the yards and were all keen to get back to their calves as you can see in the video. See Video.								
Assessor	James Cleeland (Level 1 Accredited)
