Assessor Comments

A high quality line of young Angus Cows with fresh sappy calves at foot. Cows are proven breeders that have never missed a calving and have produced profitable weaners in previous years. These Cows were to be retained as breeders but are being offered due to seasonal conditions and represent an ideal opportunity to secure young breeders with all the hard work done. Calves are already showing good growth, shape, structure and muscle which is credit to the vendor and the quality of stock and will be a saleable article through the selling season to come. Cows are medium to large frame and present in forward / forward store condition that have done well in a tough season with minimal feed and calves on them.
