Assessor Comments	Dohne wether lambs July / August 2024 drop , Gullendah blood, These wether lambs are only being sold due to the dry seasonal conditions they are normally fattened & taken to the trade . There ideal to put on to a crop or in a feedlot , they have plenty of frame & will fatten quickly they only need the correct feed put in front of them. Great opportunity for someone to make a quick buck or two. A small tail has been taken out . Lambs average 39kgs liveweight at assessment.
