Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	A very good group of 360 x July/ August 2024 Drop Primeline Feeder Lambs. Lambs individually weighed between 40kg - 51kg full. The lambs are currently grazing autumn sown oats and have access to Barley in self feeders. An excellent opportunity to purchase very well bred lambs that are in forward to fat condition, these lambs will continue to grow to trade or heavier weights. Lambs are in very good health, very dirty lambs will be cleaned up, however lambs showing light dag won't be.
