| Assessor Comments            | A nice line of Merino Lambs averaging 34kg. These lambs would be ideal to retain as wool growers coming from a flock with a 19 micron average, and the weaners cutting around a 17 micron fleece. The lambs would also suit to go onto feed with a quick turn around to target either a trade or export market. Please note that there is only 48 Ewe Lambs in the consignment with the balance being Wether Lambs. |                |  |           |      |
