Assessor Comments	485 Unshorn Merino Lambs – August/September 2024 Drop Stud Park South Bloodlines Mixed Sex Light Store Condition An excellent line of 485 quality Merino lambs, August/September 2024 drop, offered due to ongoing dry seasonal conditions. This draft includes approximately 325 ewe lambs and 160 wethers, all unshorn with around 50mm of wool, showing good potential for growth with the right feed. These lambs are of Stud Park South breeding and bloodlines, known for their high-performance wool and frame. They are currently in light store condition but show strong doing ability and would respond quickly to improved nutrition. They have been trail-fed a ration of barley, beans, and wheaten hay, and present a great opportunity for restockers looking to secure young breeders or future woolgrowers. A genuine offering from a committed operation – not to be missed.
