Assessor Comments	July & August drop store lambs Sired by Paradoo Prime Composites. Weaned at the end of November, shorn in March, grain trained on Barley (trail fed) 100% of this mob was weighed 28 - 41kg to average 32.6kg at assessment. Buy with confidence as these lambs have been treated with Diazinon, 2 x 6in1+SE & drenched with Cydectin in mid April. Having never seen green grass in their lifetime these lambs should go ahead once introduced to quality feed. Young lambs that have had all the hard work done, it won't take long to turn these lambs into trade weights.
