Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.			
Assessor Comments	An excellent opportunity to access some well bred, large framed young ewes. These girls are in a freshening forward condition and have had a tail drafted out. The Wait family have thumping ewes and hold a very good reputation for their sheep, with these ewes normally being a feature line at the Karoonda Off Shears Sale, but are being offered early due to seasonal pressures. Previous purchasers often enquire on the availability of these ewes, with their performance on lambs and wool cut notable traits. With a forecast of short supply of breeding stock, this presents a great chance to secure some quality young ewes and beat the rush of the spring selling season.
