Assessor Comments	Opportunity to buy a great line of 189 future breeder ewe lambs from Hamilton Run stud ewes. Due to the dry season, these ewes are on the market and yet they present in very good condition considering the lack of feed in the area. These ewes will continue to grow into large framed and heavy boned sheep that will produce a big meaty carcass along with cutting a heavy fleece of wool. Buy these ewes with confidence as there is years of genetics behind them and will be a great addition to anyone's breeding flock and will produce great lambs under the right management.
