Handled With	These steers worked up the race and through the scales very quietly. with the exception of 2 they all stood quietly while being weighed. They were all very settled and quiet to walk through in the yards and pen up. None stirred up in the pound. Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , On foot		
Assessor Comments	Here is a cracking line of young soft Simmental and Charolais cross bred steers displaying softness and quality nose to toes. They have been bred on light country and will explode on some good feed. These fellas will make terrific feeders or grow out to be bullocks. They are out of a cow herd that has been using Simmental as its base for many years. Sires are from Billa Park, Moongool, Casa Toro and Summa Simmental and Bettafield Charolais. These steers have clean heads, show kind temperament and worked beautifully up the race and through the yards. It was observed that 1 steer had fly bite,
