	Although 1 steer is slightly stirry the other 36 steers were an absolute pleasure to handle through the yards and race. A credit to the vendor.		
Handled With	Bikes , Dogs		
Assessor Comments	Buyers please consider a line of flatback steers that are weaned & ready to perform for your gain. By the time of sale the steers would have been yard weaned for 5 days & worked with dogs, at the time of assessment the steers were a pleasure to handle which means this is another advantage for the buyer. The steers stand on good bone & carry plenty of weight for age. They would be ideal to grow out to bullocks or would suit 90% of flatback feeder markets. Offering free delivery to Moura Dip yards.
