Assessor Comments	Attention all backgrounders, today we have to offer 12 Vendor bred Ultrablack Heifers. The Heifers are currently being weaned in the yards and being fed grassy hay. The Heifers are sired by Quality Angus Bulls and this is seen throughout their condition. They all presented well and handled through the yards with ease which is a true credit to the Vendor and the breed. On assessment the Heifers averaged 209kg on delivery and showed great shape and frame for their age. Please do take note that Vendors also has Steers in the same sale from the same location. This is a quality line of coastal bred Heifers that never disappoint. These cattle are located in the Tick area and will need clearing before moving over the tick line vendor has pretreatment to help with this.
