Assessor Comments	A very attractive line of August/ September '24 drop EU accredited steers from a long term Team Te Mania herd. All weighed 250kg+ to average 295kg full (250-360kg) at assessment. They present in strong store condition and will continue to develop into long bodied steers with plenty of frame given their genetic background. All steers are considered very quiet & easy to handle in the yards & crush. The Stewarts produce large lines of even feeder steers and have a very good feedlot reputation for performance and marbling - very rarely are these steers offered at these weights. Vendor also offering 126 heifers in this sale.
