Steers are well educated due to being in feedlot enviroment. Cattle were handled in the paddock along with yards are and managed by experienced stockman. They are run in large mobs and are also broken to dogs.
Handled With	Bikes , Dogs , Horses
Assessor Comments	Excellent quality line of weaned Sept/Oct drop steers. Steers are grain assisted(pellets) and currently performing very well (1.2kg/day on 21day weigh). Steers are well regarded amongst previous purchasers and carry a clean bill of health. This represents an annual sale of the Bundarbo station bred steer calves and this large line are all weighed 202-272kg offered in two even groups for delivery(total 200 this weight range). Vendor offering a total of 420 strs in this sale along with 415 heifers. They present in fresh forward store condition and will continue to improve given the correct management. Please note approx 5% of total mob show some very small eye scarring(very minimal) along with approx 15% carrying some old ringworm scarring. Both of which not detrimental. Please note all steers will be reweighed at delivery for buyer confidence. Note. Photos are of complete mob. Please view video to fully appreciate the quality of these steers.
