Assessor Comments	Quality line of Angus steers. Vendors select the top end sires from Crawford,Onslow & Mundarlo studs. These steers have been weaned for over a month and present with all frame ready for excellent weight gain given the right opportunity. Likeable Angus steers which would suit any fattening operation. Vendors normally grow into feeder weights. Excellent opportunity to secure some well known Jeremiah bred Angus steers which are only on the market due to seasonal conditions. Any questions please call myself. Please see vendors other line of 37 steers in the same sale. Please note both lines were assessed in two different sets of yards but will be at one set for delivery if potential buyers purchase both lines.
