Temperament not assessed in Paddock

Heifers that have been tailed & educated with the dogs & horses, mobbing up easily, and handling well in both the paddock

and yards. All brought from the backyard by a single, lady handler without any hassles, and easily led their way in to the race & crush. A few that were a bit anxious in the race & going into the crush, listed above as slightly stirry/stirry, mostly those same few that had a bigger flight zone in the holding yards, just wanting to hang away from the pressure at the back.

Assessor Comments

Good line of Autumn drop, yearling heifers offered on A/c of the renowned Towong Hill Station. These are an even line of Upper Murray bred females that could do any job. Good length, shape and temperament, backed by top class genetics! Towong Hill are one of the oldest herds of Angus cattle in Australia, with a genetic makeup boasting over 50 years of the renowned Lawson Angus genetics, with the more recent introduction of Ardrossan & Table Top Angus to access & even further push those EBV's chased by market demand. These would be an ideal line of heifers to continue on a crop or start on a feed ration, appreciate some fast, easy compensatory weight gain and chase a domestic or export market result. Buyers please Note. Vendor also has the Spring drop sister in same sale, 5-6 months younger. Giving a total of 116 heifers on offer.
