Temperament	Yards	Crush	Paddock
	Docile: 17 head	Docile: 17 head	Temperament not assessed in Paddock

	These cattle have my highest recommendation for temperament; to be honest if they were any quieter they would be too hard to handle/work in the yards. They all stood on the weigh scales with no issues. recommended for hobby farmers
Handled With	Bikes , On foot , Vehicles
Assessor Comments	Very quiet, well bred Angus Steers by an Alpine Angus Bull, out of a self replacing herd in the high country of Molyullah. The Knapper family are proud of their cattle, which shines through in the quality of the weaners on offer. With A grade traits such as softness, butt shape & a temperament you cannot fault. These are Steers that will perform in any operation and will not disappoint. Note- 4 steers have a white belly that is a throw back to a Blue-E bull the Knappers used quite a few years back. 1 Steer has an old pink eye scar that is only a small white dot & is not detrimental.
