Handled With	These cattle have my highest recommendation for temperament; to be honest if they where any quieter they would be too hard to handle/work in the yards. They all stood on the weigh scales with no issues. recommended for hobby framers. Bikes , On foot , Vehicles
Assessor Comments	Very quiet, well bred Angus Heifers by an Alpine Angus Bull, out of a self replacing herd in the high country of Molyullah. The Knapper family are proud of their cattle, which shines through in the quality of the weaners on offer. With A grade traits such as softness, butt shape & a temperament you cannot fault; these are Heifers that will perform in any operation and will not disappoint.
