Assessor Comments	20 EU steers representing the lead draft of 235 mixed sex weaners being the Black Baldy steers from the Warra Yadin Hereford herd. These steers show plenty of bone and stretch and have the capacity to suit feeder or take through to bullocks. These steers have done well since weaning in tough seasonal conditions and have been trail fed a beef weaner pellet and straw from mid January and have continued to grow. Calves are by Weathley Angus bulls out of the hereford herd with an extensive range of Poll Hereford genetics used to produce these steers utilising AI from top Hereford studs through to Warra Yadin blood bulls. Noted high performance cattle that have always performed well for previous buyers on grass and grain. Please note vendor has one other lot of steers in today's sale.
