Assessor Comments	The annual sale of the Jigsaw Farms Spring drop steer calves (Tops of the drop). An exceptional line of Angus and black baldy calves. The vendor has done a tremendous job of these calves, presenting them with an excellent bill of health. The vendor has implemented the cross breeding program where they join Angus sires over Hereford cows and Hereford sires over Angus cows to achieve high growth in their herd, along with selecting top end sires from Barwidgee Angus with a focus on 400 day growth. Given the time, I have no doubt these calves will grow into excellent feeder weight steers or bullocks. All calves were very docile while handling throughout the yards and will fit into anyone's program. There is a small percentage of calves that do present with very slight pinkeye scarring in a single eye.
