Assessor Comments	A nice line of Angus x weaner steers which would normally be retained however due to tough seasonal conditions must be sold. Steers are bred out of Angus/Friesian cows sired by Weeran bulls. Weaned on 11/03 for 8 days, calves are showing good weight for age and it's a testament to their doing ability in these conditions. Please note photos were taken in the paddock when the steers and heifers were put back into containment as one mob.
