Assessor Comments	42 April/May 2024 drop Angus steers, that present in fresh store condition with good frame. These steers were 100% weighed at assessment to range between 253-384kg to Ave 320kg. There temperaments are excellent and were great to work with. They have all animal health treatments up to date and are being fed pasture hay 2 times a week. They were purchased in January at local weaner sales in Casterton/Hamilton and are only for sale due to seasonal conditions and vendor working away for the rest of the year.
