| Assessor Comments      | 19 Young females preg tested in calf for their second and third calf. These cows have only had their first and second calf weaned off them now since the 25/04/25 and are presenting in strong store condition. They will go ahead now given the right opportunity. They are all tested up for a very tight calving and the majority of them are 5.5-6 months in calf. They are Tested up to High indexing bulls (BON22T055, XSG21S14 and XSG22T55). An opportunity to buy some young females with some very good breeding behind them and being in calf to these bulls not to be missed. These Females are very quiet and easy to handle. Please not 1 heifer is in calf for first calf. |                             |                                     |
