Assessor Comments	A quality line of Top of the drop ,These young females are from the Ingibrae Hereford cow line which were selected as the herds replacement females but have changed management practices so are up for sale . The sires of the calves are from top Angus genetics from booramooka and coolie Angus studs. These Cows are quality females with good bone and a lot of weight from 500 to 600 kg ave 553 kg I Highly recommend these to take on for breeders.They handle very well in the yards as they are very quiet cattle . NOTE. 3 cows 6 months older
