Assessor Comments	Neat line up of young angus heifers with large wagyu F1 calves at foot. Heifers averaged 467kg at assessment and have done a exceptional job calving and raising quality calves. Calves are by Codenwarra Hirashigetayasu bulls N1900 and N2073 and averaged 205kg at assessment. Calves are continuing to grow with quality breeding supporting them. Buyers please note the odd heifer with small pink eye scarring that is not detrimental to health, 4 heifers with slight touch of white on udder and 1 with white on belly. Great opportunity to purchase young heifers with large F1 calves at foot, all the hard work done.
