Assessor Comments

This group of exceptionally quiet 1st calving heifers and calves have been carefully bred from stud cows known for their superior genetics and excellent temperament. These heifers make a perfect addition to any herd, or an ideal starting point for a line of well-bred young females with a lifetime of high-quality breeding potential ahead. With 30 years of breeding and genetics from top sires like Al Baldridge and Paratrooper, these heifers possess excellent genetic traits. They are also accompanied by healthy, sappy calves sired by a son of Te Mania Emperor, showcasing the great potential for them to become valuable contributors to a core breeding herd. The vendor has selectively bred these females with a focus on growth, frame, milk production, and temperament.
