Assessor Comments	48 PTIC Angus cows, Reiland Angus bloodlines. They are rising 3 years old and are PTIC to the Arcadia Angus bulls S25 and S28. These cows will start calving early September for 12 weeks with their second calf. They are all proven breeders with quality bloodlines in their pedigree and youth on their side. They would be an ideal addition to a breeding program. Please note 2 cows have an old pink eye scar that doesn't effect their vision.
