Assessor Comments	A good line of EU accredited Angus cows and calves, Vendor bred, Cows are very quiet to handle and were a pleasure to work through the yards with a minimal of fuss. There are Five cows 4 years old, Four cows are 5 years old and 1 cow 6 years old, there are 8 steer calves and 3 heifer calves ,the cows are doing a good job of the calves considering the dry season, calves are all marked and have had their first vaccines and average 89 kg. The cows are only being offered for sale due to the dry season and the need to lighten off the property. Cows are Dollar Angus blood as are the calves. A bull did have access to the cows for 6 days (18/4/25 to 24/4/25) A month after calving started. Cows are in store condition and are strong and healthy and ready for the bull of your choice.
