Assessor Comments	Offering 573 quality SIL Merino ewes. These ewes averaged 47.8kg live at assessment after an overnight curfew. The ewes were purchased in as single mark line of young ewes that were mated to Sovereign Poll Dorset rams. The ewes were shorn in late may and are ready to start lambing for seven weeks from the middle of July. These ewes are bred from Poll Boonoke and Yalgoo bloodlines and the previous owner consistently turned off well sought after first cross Poll Dorset lambs with repeat buyers. Don't miss this opportunity to purchase a nice one mark line of young Merino ewes ready to drop lambs and take advantage of a red hot lamb market. Please note there are another 500 SIL ewes from the same vendor in the sale.
