Assessor Comments	On offer is a small but good line of SIL Maiden 1st X Ewes joined for a late July/August lambing. These are fertile young ewes; this being their FIRST opportunity to a ram scanning 151% in lamb (19 Multiples - 18 Singles). Joined to good quality Tattykeel Poll Dorset Rams these ewes present as a very tidy article to take on. They are out of good, large framed western bred merino ewes, by Retallack Border Leicester rams. These ewes have enough length and growth to make good breeders going forward. All the hard work has been done with these ewes as they have been drenched and will be crutched prior to delivery. These ewes would suit a smaller operator; or would fit into any larger scaled prime lamb breeding operation.
