Assessor Comments	Vendor bred ewes with 130% White Suffolk lambs at foot. Plain bodied free growing Sohnlic blood ewes provide the genetics for these lambs to be grown out to any market requirements. Lambs present generally as fresh (with the exception of a few of the twins) and will continue to go on if the right nutrition is provided. Eight months of clean fine bright white wool allows instant rebate for successful purchaser, all lambs marked and ready to go. These ewes and lambs provide a great opportunity for either a quick turnaround or to retain and join again in the spring.
