Assessor Comments	An opportunity to purchase a neat line of crossbred heifers that will grade as a flatback (1 heifer showing excessive hump). These heifers display good softness and stand on solid frame that will make them ideal heifers to grow out to heavy feeder or kill weights to meet domestic markets. These heifers are benefiting from a good season in the local area and are on the improve and will continue to go ahead for the successful purchaser. The heifers in this lot have been preg tested NDP to make it easier to background with security or breed to a bull of your choice. These heifers handled through the yards with ease through the assessing and drafting process with only the odd heifers becoming uncomfortable with excess pressure. These heifers will not disappoint. (Please note Vendor truck available to transport these cattle Tuesday the 10th June for ease of movement)
