1 Head	Old blue eye - treated with Terrymycin.

Assessor Comments A good line of Angus cross heifers purchased ex Blackall Sale. 1 brand. Heifers have excellent temperament and worked very well through yards and crush. Heifers are unjoined and vendor has never seen any bulls with them and none appear calfy. Heifers are doing very well on good feed now. All heifers would suit Coles or Woolworths feeder markets or could be taken through to export feeders. Heifers with 2 teeth plus are predominately 400kgs plus. Milk tooth heifers do include some that dentition is short. Theses heifers would suit feedlot, backgrounders or as future breeders.
