Assessor Comments These steers are ideal steers to go on the crop. Steers have already been started on the crop for the past 6 weeks. There are 18 orange tag Spring 2023 born steers and, 21 Autumn born steers. Mouthed a sample of spring 23 steers and all had sound milk teeth. There were 4 steers with ringworm and 1 steer with small scurs at assessment. 1 steer may have Limousin infusing however 6 steers were removed from this mob. These steers are all sired by Sugarloaf Angus Bulls. Steers were a pleasure to handle in the yards however a couple did get agitated in the crush. Great line of steers to suit a number of markets. Vendor has 2 other lots in this sale.
