Assessor Comments	These steers were a pleasure to handle through the yards and crush. There are 6 growthy steers only being pulled out of the mob because of high limousin content. There are 5 spring 23 born steers and 1 autumn 24 born steers. The 6 steers were mouthed and have good sound milk teeth. The steers have been on the oats crop for the past 6 weeks and have been returned after assessment. Vendor has 2 other lots in this sale.
